Sorting stockfish (crash course): Learn more about the norwegian fisheries and the stockfish sorters - did you know they used to be amongst the most prominent citizens in Bergen? You will be guided through the historical storehouses and you can join smashing and tasting the stockfish. In our harbor you can also try out traditional handcraft like blacksmithing and ropemaking.

Guided tour to the Hanseatic museum and Schjøltsuene

How did the German merchants from the Hanseatic League live and work? Where did they eat? Where did they sleep? How did they interact with the Norwegians? Why did they live under such strict rules? The Hanseatic Museum at Bryggen has kept its original interior - come and see the authentic rooms: bedrooms, offices, kitchen and assembly halls were school, courts and parties were held.
